● Why You Need to Trust ?

□ MBBS + MCh in Neurosurgery. Training at reputed institutions (K.G.M.C Lucknow, S.G.P.G.I Lucknow HIMS, Jolly Grant, etc.). More experience often means better surgical judgment and outcomes.

□ high number of successful surgeries, especially complex ones (like brain tumor, aneurysms, spinal deformities).

□ High success rate with low complication rates.

□ Positive patient feedback and low hospital readmission rates. Use of Advanced Technology. Clearly explains conditions and procedures.
